

Summary of Changes to Open Space Element

Set forth below is a summary of the more significant differences between (1) the proposed updated version of the Open Space Element of the Long Hill Township Master Plan and (2) the existing 2013 Open Space Element. The updated version of the Open Space Element incorporates changes recommended by the Township's Open Space Committee.

- General reorganization and streamlining to (1) more closely conform to format of other Master Plan elements, (2) remove redundancies and (3) clarify various goals and recommendations.
- Updated to reflect Central Park and Blue Acres acquisitions
- Added more specific descriptions of open space parcels
- Removed list of privately-owned open space properties
- Added more specific descriptions of locations of proposed greenways.
- Added recommendation to encourage use of existing scattered Township-owned open space tracts for surrounding neighborhood passive recreation purposes (e.g., Heritage Road, Shawnee Path, and Cornish Tract/Cottage Place properties). Note that this recommendation is in addition to the recommendation carried over from the 2013 Open Space Element of using existing contiguous open space tracts to develop trail networks/greenways.
- Added recommendation to improve walkability in the Township through use of pedestrian connections between neighborhoods via “paper streets,” where possible.
- Added recommendation to create one or more Passaic River kayak/canoe launch areas in the Township.
- Added recommendation to coordinate with appropriate government entities to continue river de-snagging efforts to improve Passaic River accessibility for kayaking/canoeing.
- Added recommendation of encouraging Morris County and the State of New Jersey to build trails and make other appropriate recreational improvements to the open space lands that they own.

Township of Long Hill
Open Space Element

DRAFT VERSION

Nov 13~~Oct 19~~, 2018

**(following Oct 23, 2018 Planning
Board meeting)**

For Planning Board Discussion

1 **INTRODUCTION**

2
3 Approximately 55% of the Township consists of open space areas, most of which is public parkland.
4 This abundance of open space is a key resource of the Township and favorably distinguishes the
5 Township from other, more-developed suburban communities in the region.
6

7 The Township’s open space areas are fundamental to the Township’s semi-rural and scenic character,
8 the preservation of which is a key objective of this Master Plan. These open space areas also provide
9 recreational opportunities that benefit Township residents and attract visitors to the Township,
10 including walking and hiking, kayaking and canoeing, birdwatching, fishing and hunting. In
11 addition, these open space areas provide important environmental benefits, including groundwater
12 protection, flood control, soil stabilization, pollution reduction and wildlife habitat.
13

14 The Township has made open space preservation a priority in order to maintain and fully realize
15 these benefits. The Township’s commitment to open space preservation is demonstrated by the
16 Township Open Space Trust Fund, the Township Master Plan and this Open Space Element.
17

18 This Open Space Element is an integral component of Long Hill Township’s Master Plan and is
19 consistent with, and supportive of, the Land Use Element and other elements of the Master Plan. It
20 is intended that this Open Space Element, together with the Recreation Element of the Master Plan,
21 may serve as the basis for the Township’s Open Space and Recreation Plan to support future
22 applications by the Township for New Jersey Green Acres program funding in the Planning Incentive
23 funding category.
24
25

26 **OPEN SPACE INVENTORY**

27
28 The following inventory is a selected list of significant open space properties in the Township that
29 are publicly-owned or owned by private conservation groups. (See Appendix [redacted] to the Master Plan
30 for a map showing the location of these properties.) This inventory does not list all of the publicly-
31 owned open space properties in the Township, but rather focuses on properties that are more
32 significant in terms of size, recreational potential and/or on account of being located in a proposed
33 greenway area. For reference, the list of parcels within the Township that are included in the New
34 Jersey Green Acres Program Recreation and Open Space Inventory (ROSI) database as of November
35 5, 2018 is attached as Appendix [redacted] to the Master Plan.
36
37

- 38 • **Federally-Owned Open Space (Great Swamp National Wildlife Refuge).** The
39 Township’s largest area of open space consists of more than 2,400 acres that lie within
40 the Great Swamp National Wildlife Refuge. The Great Swamp National Wildlife Refuge
41 is a defining feature of the Township and contributes significantly to the Township’s
42 semi-rural character. The Great Swamp National Wildlife Refuge encompasses a large
43 portion of the Township’s northeastern quadrant and extends into neighboring Harding
44 and Chatham Townships. It is anticipated that the land area of the Great Swamp National
45 Wildlife Refuge will marginally increase in the future through incremental acquisitions
46 of adjacent properties.

47 The U.S. Fish & Wildlife Service, which manages the Great Swamp National Wildlife
48 Refuge, maintains the western half of the Refuge (to the west of New Vernon Road) as a
49 wildlife management area with public access restricted to designated areas, and maintains
50 the eastern half of the Refuge (to the east of New Vernon Road) as a wilderness area, with
51 hiking permitted throughout, including on maintained hiking trails. The land within the
52 Great Swamp National Wildlife Refuge consists of a mixture of wetlands, wooded areas
53 and open fields.
54

55 The Great Swamp National Wildlife Refuge enjoys substantial local community support,
56 including through local organizations such as the Great Swamp Watershed Association
57 and the Friends of the Great Swamp.
58

- 59 • **State-Owned Open Space (McEvoy State Game Preserve).** The State of New Jersey
60 owns the McEvoy State Game Preserve, which is an approximately 95.2 acre open space
61 area containing woodlands and environmentally-sensitive natural features such as
62 wetlands and floodway/floodplain. The McEvoy State Game Preserve is located in the
63 southwest quadrant of the Township between Valley Road and the Passaic River, and is
64 bounded on the east and west by lands within the Passaic River County Park. The
65 McEvoy State Game Preserve, when combined with the neighboring Passaic River
66 County Park lands, provides a large, unbroken open space area bordering the Passaic
67 River providing flood control benefits and having potential for passive recreation uses.
68
- 69 • **Morris County-Owned Open Space (Passaic River County Park).** Morris County
70 owns the Passaic River County Park, which includes approximately 706.4 acres within
71 the Township. These lands can be grouped into two parts, one located along the Passaic
72 River in the southwestern quadrant of the Township (on either side of the McEvoy State
73 Game Preserve), and the other located along the Passaic River in the east end of the
74 Township and continuing into Chatham Township. These lands provide flood control
75 benefits and have potential for passive recreation uses.
76
- 77 • **Township-Owned Open Space (Various Properties).** As of ~~November~~October 2018,
78 the Township and the Long Hill Township Board of Education own approximately 523
79 acres of open space land. The following lists a selection of significant Township-owned
80 open space properties (acreages are approximate):
81
 - 82 – *Matthew G. Kantor Memorial Park* – 23 acres of park and open space adjacent to the
83 Municipal Complex on Valley Road, including athletic fields and courts, playground
84 and picnic areas and trails.
85
 - 86 – *Hicks’ Tract* – 59.2 acres of wooded open space located between Millington and
87 Stirling. The southwest corner of Hicks’ Tract abuts Millington School property.
88 Hicks’ Tract includes a paved walking/bike path between Knollandale Road and
89 Largo Lane, as well as unpaved hiking trails.
90
 - 91 – *Central Park* – 71.3 acres of undeveloped open space land located across from the
92 Township municipal complex on Valley Road. The Central Park land was recently

- 93 acquired by the Township and is under consideration for active and/or passive
- 94 recreational development.
- 95
- 96 – *Stirling Lake* –6.6 acre park, including swimming lake with beach, fishing pond and
- 97 a playground/picnic area.
- 98
- 99 – *Meyersville Field* – 2.1 acres, including athletic field, basketball and tennis courts and
- 100 playground area.
- 101
- 102 – *Turtle Rock Park* – 1.2 acre pocket park near the Stirling train station.
- 103
- 104 – *Cornish Tract / Cottage Place* – approximately 45 acres of undeveloped open space
- 105 located in 2 parcels to the east and west of Mountain Avenue, north of the NJ Transit
- 106 tracks. These parcels abut Passaic River County Park lands to the south and east, and
- 107 may serve as a link in the proposed Central Greenway described below.
- 108
- 109 – *Stirling Open Space* – 44.6 acres of undeveloped open space, bordered on the east by
- 110 Central Park and on the west by smaller Township-owned parcels and paper streets
- 111 that provide access to neighborhoods in Stirling. This land is a key link for a proposed
- 112 future walking/bike path between Stirling and the Municipal Complex, via Central
- 113 Park.
- 114
- 115 – *Shawnee Path* – 14.2 acres of undeveloped open space in the northwestern section of
- 116 Millington, between the Shawnee Path cul-de-sac and the Passaic River. This land
- 117 has potential as a river access point.
- 118
- 119 – *Heritage Road* – 20.1 acres of undeveloped open space spread over 2 parcels to the
- 120 north and south of Heritage Road in Millington.
- 121
- 122 – *Long Hill Ridge* – 44.5 acres of undeveloped open space along the Long Hill ridge at
- 123 the eastern end of the Township, spread over 3 parcels between the Jodi Lane
- 124 neighborhood and Long Hill Road.
- 125
- 126 – *Fenview / Deer Path* – 5 acres of undeveloped open space in the eastern end of the
- 127 Township, between the Fenview Road/Deer Path neighborhood and the Preston
- 128 Drive/Magna Drive neighborhood.
- 129
- 130 – *Long Hill Baseball/Softball Fields* – 15.2 acres containing 3 ball fields, parking areas,
- 131 a concession stand and storage buildings, a small playground/picnic area and
- 132 undeveloped wet woodlands located at the end of Poplar Drive in Stirling.
- 133
- 134
- 135 • **Passaic River Coalition Open Space.** The Passaic River Coalition is a private
- 136 conservation group that owns approximately 7 acres spread across three parcels near the
- 137 Passaic River in Gillette and Stirling.
- 138

139 **GOALS**

140
141 This Open Space Element establishes the following overarching goals to guide the future preservation
142 and use of open space in the Township:

143
144 **1. *Develop open space accessibility and recreational opportunities for the benefit of all***
145 ***Township residents.*** The Township’s open space should be generally accessible to Township
146 residents for walking, hiking, biking, non-motorized boating and other appropriate
147 recreational uses. In support of this goal, this Open Space Element recognizes the following
148 specific objectives:

- 149
- 150 • Develop a network of trails, pedestrian walkways and bike paths, both within open space
- 151 areas and to connect residential neighborhoods to parks and open space.
- 152
- 153 • Improve Passaic River access for non-motorized watercraft, fishing and other recreational
- 154 purposes. The over 12 scenic and mostly-undeveloped miles of the Passaic River that
- 155 border the Township are an underutilized recreational resource.
- 156
- 157 • Encourage use of existing scattered Township-owned open space tracts for surrounding
- 158 neighborhood passive recreation purposes.
- 159

160 **2. *Evaluate opportunities for future open space acquisitions by the Township, with a focus on***
161 ***rights-of-way and parcels that are contiguous to existing open space and environmentally-***
162 ***constrained parcels.***

- 163
- 164 • Primary consideration for future open space acquisitions should be given to rights-of-way
- 165 and parcels that are contiguous to existing parkland, with a particular focus on rights-of-
- 166 way and parcels and rights-of-way for the development of trail networks and to establish
- 167 the following Township “greenways.”: Where appropriate, consideration should be given
- 168 to acquisition of rights-of-way as opposed to parcel ownership.
- 169
- 170 – *Passaic River Greenway* – The proposed Passaic River Greenway is envisioned
- 171 as a green corridor of preserved open space land and public rights of way spanning
- 172 the length of the Township along the Passaic River. (See map attached as
- 173 Appendix [] to the Master Plan.) The Passaic River Greenway would fit within
- 174 a larger regional complex of open space parkland along the Passaic River via
- 175 connections to parkland in Chatham Township to the east, Bernards Township to
- 176 the west and Berkeley Heights and Warren Townships to the south. Several large
- 177 tracts that would serve as the backbone of the Passaic River Greenway are already
- 178 preserved open space, including the Passaic River County Park lands on the
- 179 eastern and western ends of the Township, Kantor Park, Passaic River Coalition
- 180 lands and the McEvoy State Game Preserve. In addition to the active recreation
- 181 facilities currently located at Kantor Park, the Passaic River Greenway would
- 182 provide trails and other facilities for passive recreation (including hiking, wildlife
- 183 observation and bird watching), as well as river access.
- 184

185 – *Central Greenway* – The Central Greenway is proposed to run north from the
186 Municipal Complex through Central Park property on Valley Road, and then
187 turning east parallel to the NJ Transit tracks, and then northeast roughly along the
188 path of the PSE&G utility corridor, merging with the Passaic River Greenway in
189 the Passaic River County Park lands along the Long Hill and Berkeley Heights
190 municipal boundary. A second leg of the Central Greenway is proposed to run
191 northeast from the Central Park property along the PSE&G utility corridor towards
192 the Great Swamp. (See map attached as Appendix [] to the Master Plan.)
193

- 194 • Consideration for future open space acquisitions should also be given ~~to~~ (1)
195 ~~environmentally constrained parcels, including those with environmentally~~
196 ~~sensitive/critical natural features (including areas with wetlands, floodway/floodplain,~~
197 ~~steep slopes and woodlands), (2) where needed to maintain and protect water quality and~~
198 groundwater recharge areas, or to prevent and minimize damage from flooding and soil
199 erosion in areas of flood plains and steep slopes, and (23) where needed to preserve the
200 Township’s semi-rural character by maintaining scenic landscapes, natural areas and
201 wooded corridors and ridgelines.
202

203 **3. *Coordinate open space planning with adjacent municipalities, Morris County, the State of***
204 ***New Jersey, the U.S. Fish and Wildlife Service and non-profit organizations, using***
205 ***available funding programs wherever possible.***
206

207
208 **RECOMMENDATIONS**
209

210 **Open Space Acquisition and Recreational Development Projects:**
211

- 212 1. Procure land and access easements to connect existing open space parcels as needed to
213 complete contiguous Passaic River and Central Greenways, using county, state and other
214 outside funding sources wherever possible.
215
- 216 2. Develop the “Central Park” property on Valley Road for active and/or passive recreational
217 purposes.
218
- 219 3. Encourage use of existing scattered Township-owned open space tracts for surrounding
220 neighborhood passive recreation purposes. Candidates for such neighborhood uses include
221 the Heritage Road, Shawnee Path, and Cornish Tract/Cottage Place properties.
222

223 **Open Space Trail Development Projects:**
224

- 225 4. Develop pedestrian walkway/bike path connection between Stirling and the Township
226 Municipal Complex/Kantor Park via Township-owned open space properties (i.e., the Central
227 Park property and the Stirling Open Space property to the east of Central Park). This path
228 would link to the Township’s existing bike path which connects Stirling to Millington Train
229 Station via Hicks’ Tract.
230

- 231 5. Extend the Passaic River trail to span the Township from east to west along the Passaic River
232 utilizing open space properties.
233
234 6. Improve walkability in the Township through use of pedestrian connections between or
235 within neighborhoods via “paper streets,” where possible (including, for example, paper street
236 connections near the Gillette train station).
237
238 7. Pursue opportunities for providing trail linkages with neighboring municipalities.
239

240 **Passaic River Access Development:**

- 241
242 8. Create one or more Passaic River kayak/canoe launch areas in the Township (in addition to
243 the Fisherman’s Parking Lot in Bernards Township off of White Bridge Road).
244
245 9. Coordinate with appropriate government entities to continue river de-snagging efforts to
246 improve Passaic River accessibility for kayaking/canoeing.
247

248 **General/Administrative Action Items:**

- 249
250 10. Encourage Morris County and the State of New Jersey to build trails and make other
251 appropriate recreational improvements to the open space lands that they own.
252
253 11. Use county, state and federal funding sources, wherever possible, for future open space
254 acquisitions and recreational improvements to open space properties. Potential funding
255 sources include (1) Morris County Open Space and Farmland Preservation Trust Fund, (2)
256 Morris County Trail Construction Grant Program, (3) New Jersey Green Acres program, (4)
257 New Jersey Blue Acres program and (5) Federal Emergency Management Agency.
258
259 12. Partner with non-governmental organizations, where practical, to obtain funding and grants
260 for open space projects. Possible partners may include, the Great Swamp Watershed
261 Association, Passaic River Coalition, Trust for Public Land, Morris County Farmland
262 Conservancy, Nature Conservancy, among others.
263
264 13. Review the Township’s zoning ordinances on a regular basis and recommend revisions
265 necessary to encourage proper land stewardship, open space, and sustainability.
266
267 14. Coordinate open space and recreation planning with land use planning, community facilities
268 improvements and transportation network expansion.
269
270 15. Encourage volunteer stewardship and community activism by developing an adopt-a-park or
271 adopt-an-open-space program.
272
273 16. Review the inventory of open lands on a regular basis and recommend properties for possible
274 acquisition based upon available funding.
