BE IT ORDAINED by the Township Committee of the Township of Long Hill in the County of Morris, New Jersey that the Township Code and the Township Land Use Ordinance are hereby supplemented and amended as follows:

Section 1. Title. Chapter XXIII of the Township Code entitled "Shade Trees" is amended in its entirety to read as follows:

Chapter 23 Shade Trees

Section 23-1 Purpose and Intent

- A. The purpose of this section is:
 1. To preserve and protect trees within the Township of Long Hill, which helps to preserve water quality, abate noise, and enhance the ambience and character of the community.
 2. To control the indiscriminate destruction of trees which has been shown to have severe detrimental environmental, ecological and economic effects including increased soil erosion and surface drainage problems, creation of insect breeding sites, decreased oxygen production, decreased property values and increased Township costs and thereby to eliminate a threat to the public health, welfare and safety.
 3. To protect the semirural character and natural resources of the Township, consistent with the goals and objectives of the Master Plan. This section is not intended to restrict homeowners from removing dead, diseased, or hazardous trees. It is not intended to restrict homeowners from conducting routine pruning of trees or other maintenance procedures.
- B. This section places special emphasis on the preservation of trees around the perimeter of a property to create Conservation Areas based upon setback requirement pursuant to the Township of Long Hill Zoning Code. The ordinance will also provide a sound management structure for the removal of trees in the Township.
