

VALLEY ROAD BRIDGE OVER THE PASSAIC RIVER LOCAL CONCEPT DEVELOPMENT STUDY

Bernards Township, Somerset County, and
Long Hill Township, Morris County, New Jersey

NOTICE OF PUBLIC INFORMATION CENTERS

Somerset County and Morris County, in coordination with the North Jersey Transportation Planning Authority (NJTPA) and the New Jersey Department of Transportation (NJDOT), are conducting a study to determine appropriate improvements to the Valley Road Bridge. There will be a presentation and informational table about the project at the Long Hill Township Committee meeting January 9, 2019. There will also be an informational table at the Bernards Township Committee meeting on January 15, 2019. At both events, the project team will provide information on the conceptual plan for the Preliminary Preferred Alternative (PPA) for this Study. Presentation of the PPA is the culmination of the Local Concept Development (LCD) Study, which began in February 2018. Members of the study team members will be available to answer questions. The public is encouraged to attend.
